We hear you

I couldn't hear myself think!

Last year on the Fourth of July the rock bands were so noisy I couldn't hear myself think. The police had several complaints and said they'd try to do something. I had to yell in my backyard to be heard. If I wanted to hear the band I'd go to the park. Soft background music is fine but I couldn't hear myself think.

SOBRATO DRIVE RESIDENT

Editor's note: No rock bands will be performing at the July 4th celebration this year.

No fireworks at Morgan Park is the pits. I think they (the city council) should find other things to cut out. I've seen the fireworks for the last two years and they were great.

A YOUNG READER

Editor's note: The fireworks are rescheduled for next Tuesday's celebration with a citizen's group collecting donations to pay for them.

The Fourth of July fireworks aren't a "frill." That day celebrates this country's independence and, in my opinion, that's pretty important.

A PATRIOT

When are those politicians going to get the message? I thought Prop. 13 was pretty clear but it sure didn't work. First we hear they are going to cut back everyone including police and fire and now, "Walla," they don't need to layoff anybody. I never believed those scare stories being handed out before the election but I did think they would cut out a little of the "dead wood." Believe me, there's plenty of it.

DISGUSTED

On the same page last week you had two stories: one about cutting back on street sweeping and the other about the city thinking about giving $60,000 to help some businessmen get more parking. Just how much will Campbell save by leaving the leaves in the gutters?

UPSET

Editor's note: First, the amount the

Over the years many championship athletes have been produced in the Campbell area. Well, there's yet another champion roaming the streets of Campbell this week — 12-year-old Ted Ornduff. Ornduff won a Northern California wrestling championship and came back to win a Western Regional championship a week later, winning eight of his nine matches along the way by pins. For more on Campbell's latest champion, see the sports section of today's PRESS.

City financial picture

Things are looking up

CAMPBELL stands to gain in the neighborhood of $200,000 from recent legislation distributing the state surplus, Campbell Finance Director Jeff Whittaker said Monday. But that's a rough estimate, he added, and cities are still waiting for more information.

Those funds would eliminate the expected budget deficit, which Whittaker earlier said could be paid for out of federal revenue sharing funds.

Also brightening the local financial picture last week was a new contract negotiated with the county that will bring Campbell an estimated $150,000 in county funds for the city's communications system.

At the end of four nights of budget sessions the city council had added here, slashed there, and come up with revised budget figures within $350 of the original $7.9 million operating budget proposed by the city manager earliert his month. Councilmen voted unanimously to continue the paramedic program, restored some meeting and promotional expense to the police department budget and added back the youth employment program funding and part of the community services slashes.

BALANCING the scale was an expected reduction in the city's insurance premiums from $245,000 to $190,000; a savings of $55,000.

Whittaker said Monday that big drop in premiums was brought about by upping the deductible on liability insurance from $1,000 to $10,000, the city's good record on suits and the fact that the insurance marketplace is more competitive this year.

Adoption of the preliminary budget was set for Tuesday evening and personnel costs in the public works, planning and city managers office were deferred to that time. Some decisions may be delayed until final budget hearings in August.

The relative ease with which the City of Campbell has come through property tax cuts from Prop. 13 is due, in large part, to a rosy sales tax picture.

In the last six years income from sales tax has tripled, from $900,000 in 1972-73 to an estimated $2.7 million for the 1978-79 taxable year.

A reshuffling of principals

SEVEN CAMPBELL elementary district principals will be assigned to new schools this fall and three will be returning to the classroom, according to a report by Superintendent Walt Hauss.

The changes, which were approved by school trustees last week, were made for several reasons, Hauss announced. The closing of three K-6 schools this fall was one consideration, Hauss said, along with the need to show good faith by increasing female administrators.

Assignments for the 1978-79 school year include; Myra Castner, Blackford School (formerly Moorpark principal); Steve Braley, Sherman Oaks (formerly Monroe); Don Bergstrom, Capri School (formerly Blackford), Dave Gillies, Monroe (Hazelwood); Ralph Dill, San Tomas (formerly Quito); Ed McCauley, Rosemary (San Tomas) and Bruce Stevenson, Hazelwood (formerly Capri).

PEGGED FOR teaching duties for this fall which are still to be announced are; James Bryan (Cypress principal), Galen Wilcox (Rosemary) and Don Stephens (Sherman Oaks).

Unaffected by the reassignments were the following principals: Velma Blyther, Castlemont; Chuck Reed, Dover; Mark Jennings, Forest Hill; Stan Johnson, Lynhaven; Bob Mannini, Marshall Lane, Bob Turk, Rolling Hills and Gordon Vallandigham, Campbell Junior High.

Vice Principals Lois Adams, Monroe; Gene Smith, Rolling Hills and Lois Hoyt, Campbell, will continue in those spots this fall.

Community donates funds

Fireworks will light the sky July 4th

THE AERIAL fireworks display has been reinstated for the annual Fourth of July celebration in John D. Morgan Park this Tuesday. That action came after a spokesman for a group of citizens, upset over the cancellation, got permission from the Campbell City Council last Tuesday night to try and raise the $1,700 needed.

Community support has been impressive.

By Monday afternoon over $1,200 had been collected and pledged and more was expected to be mailed to the Campbell avenue Bank of America branch where a special account was set up last Wednesday.

FUNDS TO continue the fireworks have come from many sources so far, according to Chairman Neva Laederich, 117 N. Hardy ave. Groups such as the Campbell Progressive Seniors passed the hat and brought in $53 last Friday while the Campbell-Moreland Pony league received $114 in donations over the weekend.

Many local banks pledged financial support and last weekend collection points were set up at three local shopping centers netting more than $250 in pennies, nickles, quarters and an occassional $5 bill.

The biggest single contribution was made by Campbell Fire Fighters, local 1939, who made a surprise presentation of a $500 check to Laederich at a meeting of the fund raising committee last Friday morning.

"We feel civic firework displays help cut down on the use of contraband fireworks," Ed Baxley, vice president of local 1939, told the group. "Already $100,000 in damages have been caused by fireworks in this county this year and we're not even into the heavy fireworks season."

Local fire fighters raised about $1,200 from the last Fire Fighters Rodeo through the support of local residents, Baxley explained. "Therefore, we wanted to use part of our proceeds for the fireworks display here in Campbell."

DONATIONS ARE still being accepted by the 125 E. Campbell ave. bank, Box 927, Campbell, 95008. Checks should be made out to the Campbell Fireworks Fund. City Hall, 75 N. Central ave. is also accepting donations to be forwarded to the committee.

Any contributions over the amount needed will go into a special fund to be used for the 1979 celebration.

About $300 of that $1,700 cost is being paid by the City of Campbell. That's the amount the city incurred when the fireworks contract was cancelled two weeks ago.

The City Council vote to reinstate the fireworks, subject to a successful fund raising drive, passed on a 3-2 vote. But it wasn't opposition to the aerial display that caused the split decision.

Councilmen Ralph Doetsch and Bill Podorsek, who voted against the motion, explained they favored having the city underwrite the costs this year and let the citizens group try

Open space needs cited

Commissioners oppose plans for parkside high rise senior complex

CAMPBELL PARKS commissioners oppose plans to construct 200 units of senior citizen housing on a 4.3 acre site adjacent to John D. Morgan Park.

At their last meeting the Parks and Recreation Commission voted unanimously to go on record in opposition to that high rise development on land which was originally slated for an ice skating and roller rink.

According to a report by Public Works Director Joe Elliott, the County Housing Authority considers that land their number one spot. Director John Burns of the housing authority said last month agreement has been reached on a site (which he declined to designate) and that final approval was pending from federal Housing and Urban Development (HUD). The property is located on W. Rincon avenue directly east of the park.

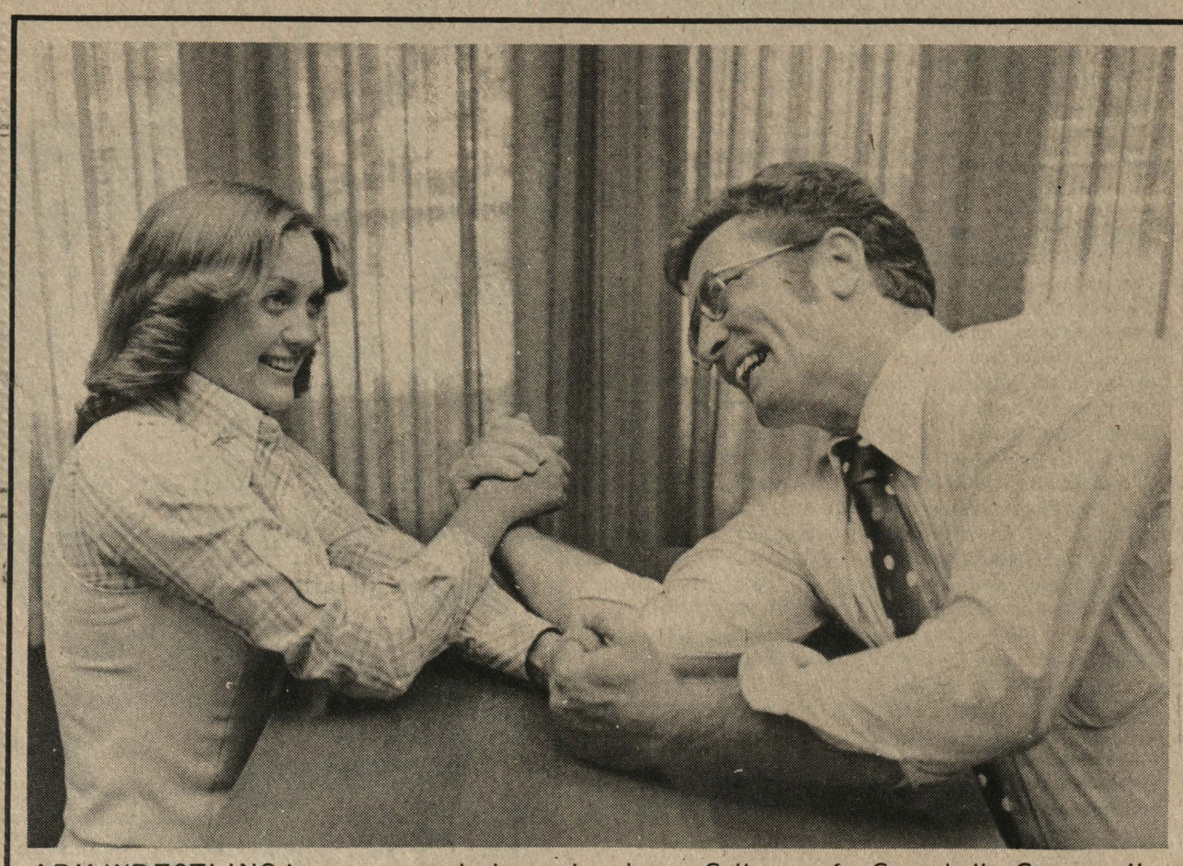
"THE COMMISSION feels that every effort should be exerted to retain that land as open space," Commission Chairman John Ashworth said, "and that the City Council should take a very serious look at how the City might secure permanent use of it for possible parking and park expansion."

At the suggestion of Commissioner Frank Kukuk, Elliott looked into the possibility of the city swapping sites, with the Carlino property on W. Rincon ave. being traded for city land on Campbell avenue, just west of Dot avenue (that land was purchased with bond funds for a fire station.

Elliott reported on his findings. "According to Mr. Kee (Art Kee, planning director), the fire station site is too small, being only 1.2 acres in size, whereas the Carlino property comprises approximately 4.3 acres, which is the approximate size needed for the proposed development." Elliott added he was also advised that the owner of the property adjacent to the city property on Campbell avenue (who sold the land to the city) will not part with any additional land if it is to be used for senior citizen residences.

"I THINK WE are all in agreement that off-street parking for John D. Morgan Park is inadequate, particularly for major events like the Fourth of July celebration," Elliott reported. "I don't see any solution to this problem if the Carlino property is, indeed, developed as planned, as there is no vacant property available adjacent to the park."

The staff report and commission recommendation was presented to city councilmen Monday night.



ARM WRESTLING is a new event planned for the Campbell Fourth of July celebration at John D. Morgan Park. Preliminary contests get underway at 1:30 p.m. with the finals set for 4 p.m. on the stage. An old fashioned 4th at the park

AN OLD FASHIONED tug of war, bubble gum blowing contest and a demonstration of Tae Kwon Do are a few of the special events planned for Campbell's fifth annual Fourth of July celebration at John D. Morgan Park this Tuesday.

Booths, sponsored by local community groups, will open at 11 a.m. with entertainment beginning on stage at 12:15 p.m. and games and contests underway at 1:30. The aerial fireworks display is set for dusk.

Special entertainment for this year includes a mime troupe, baton twirling group, dance review and gymnastics demonstration. Finals in the arm wrestling event will be held on stage at 4 p.m.

For those who prefer softball the annual game between the city and chamber of commerce also gets underway at 4 p.m. on the Pony League field.

CAMPBELL COMMUNITY Services has dozens of games planned for all ages throughout the day including a husband and wife wheelbarrel relay, watermelon and pie eating contest and water balloon toss. For those who prefer quieter activities there'll be face painting, bubble blowing and color crayon drawing.

Ongoing games of volleyball and softball are planned and for those who like something new, try Hunker Houser, Tweesley Wop and pillow jousting; all "new games."

TEN COMMUNITY groups had signed up for booths by the deadline last week. They include Campbell Community Seniors, St. Lucy's Youth Council, Campbell Boosters Club, Odd Fellows, Campbell Progressive Seniors, Cambrian Little League, Del Mar High School Music Department, Campbell Congregational Church, Campbell Rainbow and the Campbell-Moreland Pony League.

These groups will raise funds for their ongoing programs through the sale of watermelon, corn on the cob, popcorn, ice cream, hot dogs and hamburgers. The sale of baked goods and handmade gift items and face painting are also planned.

Court fight eyed

Benefit question comes before Dist. 4 workers

Santa Clara county Sanitation District 4 may have a court fight on its hands as the result of a fringe benefit dispute with its employees.

The district board of directors unanimously voted last Wednesday to make a recently granted fringe benefit package retroactive to October 1977 — three months short of the date sought by district employees.

As a result, the attorney for the employees says the employees may take the issue to court in an effort to claim the additional three months' benefits.

The board followed the recommendations of legal counsel Charles Kilian, who claimed that any payments toward the package retroactive to July would be a gift of taxpayers' money and therefore illegal.

Kilian's contention was disputed by Antonio Estremera, attorney for the employees, who cites a case in San Joaquin county in which an employees' organization got a favorable state Supreme Court ruling in what Estremera calls almost an identical case.

According to District Manager Steve Goodman, the district has a standard policy of granting wage and fringe benefit increases to employees in accordance with those granted county employees. County workers were granted the fringe benefit improvements last July.

However, Goodman said the package was "difficult to implement" and that he didn't even get a printed copy of it until the first of the year He recommended on March 22 that the district implement the package and make it retroactive to July 1977.

But Kilian told the district that legally he could only defend payments back to October — a view accepted by the board last Wednesday.

"The employees got two-thirds of the package made retroactive," Goodman said. "It seemed on face value to be a pretty fair settlement."

Estremera countered with the argument that there had been no written fringe benefit program before last July, and that he considered the employees' decision to request benefits dating back to that date a compromise.

Estremera said the employees will meet soon to determine their next course of action. If they choose to take the matter to court, Estremera thinks they have a good chance of winning because of the precedent set in San Joaquin county.

Goodman said the fringe benefit package includes a guaranteed 10 percent increase in pay for each promotion, additional leave days, overtime pay increases and standby compensation hikes.

City sponsors

Summer music needs students

ONE HUNDRED and twenty seven young musicians tuned up their violins and cellos Monday at Castlemont School as the Summer Music Program of the Campbell elementary school district got underway under the sponsorship of the City of Campbell. More youngsters are needed to make it self supporting.

The program, which has been offered in the local district for more than two decades, was cut this year, along with other summer programs after the state department of education cut off funding.

Last week school district spokesmen appeared before the City Council to seek the city's sponsorship so the program could continue. After ironing out some questions of city liability and of employee benefits the city went ahead and Community Services took over the task of registering students.

The hitch is with the $58 registration fee needed to pay for the five day a week program (the rate is cut by 50 per cent for the second child from the same family). Originally about 200 youngsters had signed up, according to Director Wallace Johnson, but by Monday afternoon that total had shrunk to 127.

"We're still going ahead with it Tuesday," Johnson declared.

The program, which also includes P.E. and folk music instruction, is open to all youngsters who range in age from incoming fourth graders to outgoing eighth graders. Beginning, intermediate and advanced instruction is offered in all band and orchestra instruments. Parents provide their own transportation to the 3040 E. Payne ave. school.

Capping the five week course in the annual concert slated for Thursday, July 27.

For more information contact Johnson between 8 a.m. and 1 p.m. weekdays at 379-8775 or sign up through Community Services, 75 N. Central ave., 378-8141.

The challenge of Prop. 13

Last week, in three days, a citizens group collected over $1,000 in donations to be used to fund the annual Fourth of July fireworks. That effort continues.

The hundreds of individuals plus clubs and businesses enthusiastically donated to the fund indicates the strong support this community event has. But we feel it also indicates something else.

It shows that people are willing to do things for themselves. From the volunteers who worked long hours to the people who donated supplies or money; they made it work.

Many have argued that the city could certainly afford to come up with the $1,700 originally budgeted for fireworks. That may be true. But we don't feel that's the point.

Councilmen gave the community an opportunity to accept the "challenge of Proposition 13" Governor Brown mentioned in his televised speech last week.

The community met that challenge.

Our readers write

Are we second class citizens?

EDITOR:

Thanks to the passage of Proposition 13, I face the prospect of either having my salary cut from 20 to 30 percent, or being laid off from my job entirely. At the same time, I received a notice from my landlord, dated June 7, informing me that due to "circumstances beyond his control," he was raising my rent $25 a month — an increase of over 10 percent.

Is this the intent of Proposition 13? Aren't we who toil for a living in the public sector entitled to expect a decent wage, job security, relief from rising costs, just as those who are employed in the private sector expect for themselves? Are we, as public employees somehow second-class citizens, not entitled to hope for an adequate living or a sense of dignity about our role in society?

I would like to believe that the current chaos and impending layoffs and salary reductions for public employees are only a period of transition in which ultimately the reduction of government spending will occur in the areas that the taxpayers who voted for Prop. 13 surely intended for them to occur. But, meanwhile, I wonder how I am going to manage a $25 a month rent increase.

Editor's Notebook

I'm sorry...Due to Prop. 13 that number is not in service

By PAT SAFFORD

When all the dust and debris settles from the Jarvis-Gann initiative, local, state and county bureaucrats may find they have a most valuable possession: the perfect scapegoat. Some have made use of it already.

No summer school programs: blame Jarvis-Gann.

Recreational tiddlewinks dropped: You guessed it, Jarvis-Gann.

These may be logical and perhaps even accurate scapegoating. Other possibilities are endless.

In the past, when things went wrong in a bureaucracy, scapegoating was widely practiced but highly inefficient. After all, there's just so many times you can tell an irate caller you neglected to trim back his overgrown street tree because of an equipment breakdown. And blaming the inefficiency of another department can backfire and leads to morale problems.

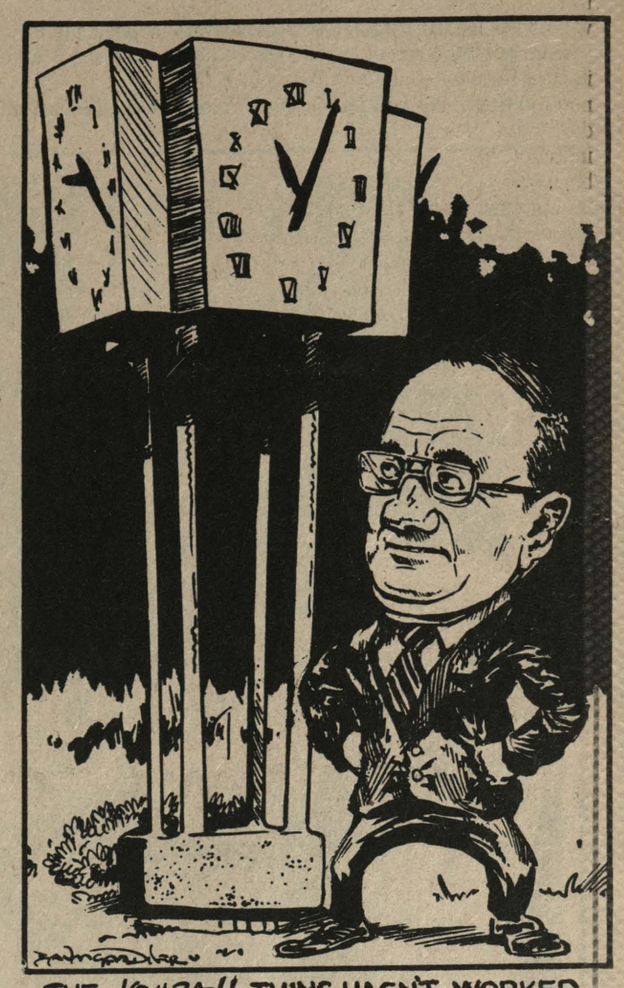
Now, with Prop. 13, bureaucrats have the perfect excuse. Explanations can be kept short and no one will run the danger of being contridicted. No one KNOWS if Jarvis-Gann caused a backup in the storm drains, for instance, or a delay in getting out new business licenses.

But then . . . no one knows it didn't either.

- Algae growing in the town square fountain? (I'm sorry, sir, but Prop. 13 forced a cutback in maintenance).
- Street sign broken off for two weeks? ("Last month our sign crew was laid off and the transferred finance department personnel haven't gotten the hang of it yet").
- Get a class in elementary biodynetics when you signed up for homemaking? (Jarvis-Gann).

It's not as if we haven't always had problems, mistakes, etc., in the inner workings of government. No ship runs smoothly all the time, whether it's the ship of state or the state of the city.

But I'll wager internal problems will be a thing of the past and the post June 6 hangups will all have that two word explanation: Jarvis-Gann.



THE !@#?%!! THING HASN'T WORKED RIGHT SINCE PROP. 13 PASSED!

We hear you

(Continued from Page 1)

city would have to put aside to back up the parking district is $50,000. Those funds, plus another $50,000 from the bonding companies, would come back to the city when the bonds are paid off. Last week Public Works Director Joe Elliott outlined two ways of handling the sweeping cutback and the savings of each. The first alternative would reclassify three positions one step down on the salary scale for a savings of $3,100. An alternate to this alternate would freeze employees at their present rate of pay until regular salary increases catch up. There would be little immediate cash savings under this plan. The second alternative would cut back one sweeper-operator position for a savings of about $18,300 plus fringe benefits. More discussion was expected on this item. Also, the cutback was ordered for most of the year with more frequent sweepings during the annual leaf fall period.

Just a note to all you young job seekers out there. Last week, in an article about what to do this summer, we gave the old address of the Youth Employment Service Office. The YES office shares quarters with the Campbell Chamber of Commerce at 328 E. Campbell Ave., between Central and First St.

Survival for the homebound husband

By FLOYD M. LITTLE

IT'S VACATION TIME once more and, to the wives who are leaving their husbands behind while they sail off into vacation land, I have a few tips that will help the husbands survive. Anyway, here's my story.

My wife left for Arkansas some time back to visit her folks. She also left the refrigerator so full of food that when I opened the door something was sure to tumble out.

She tried to leave me full of instructions about the food in the refrigerator but they didn't take. Oh, I think I nodded my head at the right places. I figured, since I didn't understand anyway and wouldn't remember my instructions, the sooner I got through the session the better.

I learned one thing fast. I could hardly get enough food out of the refrigerator to make a sandwich.

TRYING TO SURVIVE was like running an obstacle course. I'm surprised more husbands don't run up the white flag and surrender than what do. I mean surrender to some other woman while the wife is away, instead of scrounging for food.

I tried to surrender, but I couldn't find a woman to surrender to.

I sure felt rejected until I figured out that my wife belongs to some secret wives' group whose goal is to put husbands in their place and make them knuckle under so no other woman will want them.

I know what you're thinking; why not forget the refrigerator and go buy food? Are you kidding? I'm like a lot of fellows; I don't know what I'm eating half the time.

You think I should pay more attention to what I'm eating? Just try it yourself, fellows, and see what happens.

If I take time to look at my food, much less examine it, my wife will say, "What's the matter with it; don't you like it?" My wife is a fantastic cook and she knows I like her cooking, but the whole idea is to keep me from noticing what I'm eating.

AND IF THAT doesn't work, wives have a list as long as your arm to keep a husband from noticing his food. Like, "What are you going to do today and are you going to mow the lawn? And that is just for breakfast. For dinner, the list is even longer — like, "When are we going to see Aunt Sally? . . . the hot water faucet is leaking" and on the list goes.

Anyway, off I went to buy some sausage for breakfast and when cooked it shriveled up until I had to shut one eye and take aim to see it. Then I had a brilliant idea and hurried off to a grocery store. I hung around the meat counter until a beautiful and intelligent-looking lady came by.

"Excuse me," I said, "but could you recommend a good sausage for breakfast?" She broke into a big smile and said, "Sure, I'll be glad to help you." Then I explained, "I hate to take your time, but my wife is on vacation." . . . She gave me a dirty look and said something about having to be somewhere in three minutes and left. I picked up the cans she knocked off the shelves in making her getaway.

NOW I SUPPOSE someone has the bright idea about eating out. But I can't afford to eat out and send my wife on a long vacation at the same time.

Then, there are all the friends who have been wanting you and the wife to stop over for dinner. As it turns out, they are the wife's friends and they don't want you. And if you do happen to have a friend or two of your own, you soon look so down in the dumps, they don't want you either.

Wives, a husband's battle for survival could be a delightful experience if you would leave a list of the foods he eats, the brand names and where to buy them.

He will get enough adventure in trying to locate those items in the store.

I hope I have been of some help, for we husbands sure need it.

DIRECTOR Andy Moore of Campbell, left, and Producer Chris Stratton of Santa Clara discuss script changes during the filming of "First Light" a documentary about two handicapped girls at the Crippled Children's Society camp in Stevens Creek Park. The 18-minute color film, starring Stephanie Kelso, 17, of San Jose and Charito Rossi, 10, of Union City, was produced for the society through a grant from the First National Bank of San Jose. A crew of more than 20 professional young filmmakers donated their vacations and free time to work on the film which will be aired by Bay Area TV and shown to community groups.

to raise funds for a possible July 4th celebration in 1979.

THE $3,700 budgeted for the 1979 budget was deleted, along with many other items, during city budget hearings, last week. The citizens group discussed possible plans for holding a drive at the celebration this year to try and raise funds for next year.

No house to house canvassing for funds was planned by the committee and Laederich emphasized Monday that anyone seeking donations at shopping centers, and other locations, should have a copy of the city solicitor's permit with them.

Committee members who organized the fund raising effort include; Laederich, Ken Podgorsek, John Ashworth, Anne Forsythe, Barbara Conant, Don MacNivin, Lynda Eujen, Zelma Papodopulo, Janet Lundgren and Pat Safford.

Marshall Lane a mistake

No book burning here says school official

By CHUCK HILDEBRAND

IS THE destruction of still usable textbooks, like those almost disposed of at Marshall Lane school last week, common in Campbell area schools?

According to spokesmen at the Moreland and Campbell elementary and Campbell high school districts, the answer is no. In fact, the incident at Marshall Lane was the first book-dumping any one of the three had any knowledge of in the Campbell area.

A garbage bin full of used textbooks was almost inadvertantly destroyed at Marshall Lane last week. The incident was widely reported in the area media.

Ken Meinecke, assistant superintendent in charge of instruction at the Campbell Union School District, which includes Marshall Lane, says his district has several options open to it when an obsolete book must be disposed of.

First, Meinecke says, they are offered to the students and teachers, and usually most of the books are unloaded in this manner. The district can also donate the books to a charitable organization, a private school or to a state educational organization.

IN ADDITION, books can be destroyed in order to recycle their paper, but Meinecke says that isn't done by the CUSD because of the labor involved in tearing off the covers, which are not recyclable.

Meinecke said the ill-fated dumping at Marshall Lane was the result of a misunderstanding, and that no other such destruction had ever been contemplated or executed in the district to his knowledge.

Don Hurst, coordinator of instructional material for the Moreland school district, also says the vast majority of obsolete books are given to students and teachers.

Hurst said the district has sold books to outside organizations only three times in the four years he's been with the district, and on two occasions books have been recycled. There has not been a book disposal since he joined the district, he said.

"WE'RE NEVER comfortable with tossing books out because sometimes they've never been in the hands of a child," he says. "I always agonize over it."

According to Harry Hall, general education supervisor in charge of textbooks for the Campbell Union High School District, books are occasionally shredded, but only if no other district schools, teachers, students or members of the community want them.

If a book isn't wanted by any of those outlets, Hall said, it is almost always in unusable condition.

His district doesn't destroy as many books as the elementary school districts do because it has a greater voice in the selection of its texts, Hall said.

"The books we get are the books we really want, instead of what the state requires us to get," Hall said. As a result, Hall noted, the district is in a better position to acquire books that will be used longer.

Private school gets the books

What became of the Marshall Lane elementary school books that created such a ruckus when they were almost destroyed last week?

The Republican party of Santa Clara county picked them up and donated them to the Charles Armstrong school in Menlo Park, where second through 12th graders are tutored in reading fundamentals.

Carol Murray, director of the school, said the GOP called her "right out of the blue." She said the school was happy to receive the books and that they will be used in the classrooms starting in the fall.

Art instructor is named top teacher

"All the credit goes to the kids."

That was Branham high art teacher Karen Parsagian's reaction to her selection as the Campbell Union high school district Teacher of the Year, from top nominees.

The 13-year veteran of the district teaches numerous art classes — drawing, painting and "every expression of art."

She was one of the original staff members at Westmont high when it opened in 1965 and later put in a stint at Blackford high, but says Branham is by far the most enjoyable school of the three.

"I just love it," she enthuses. "The students and I just seem to have found each other and the staff is fantastic. I feel like I've found Valhalla."

Parsagian reacted in modest fashion to the award. "It was quite an honor, although there must have been many other teachers just as deserving in the district."

She says the greatest satisfaction she gets if seeing kids who never realized they had talent before create something. "My main job is to get them to recognize their potential," she says.

Parsagian lives at 1344 Burkette dr., San Jose, with her husband of 28 years, Bert. She has two married children.

Wesley Manor

12-story building to go up in 30 days

Can a 12-story, 156 unit apartment complex be built in a little over a month?

Thanks to the modular construction of the Wesley Manor senior citizens development soon to unfold on S. Winchester blvd., it can.

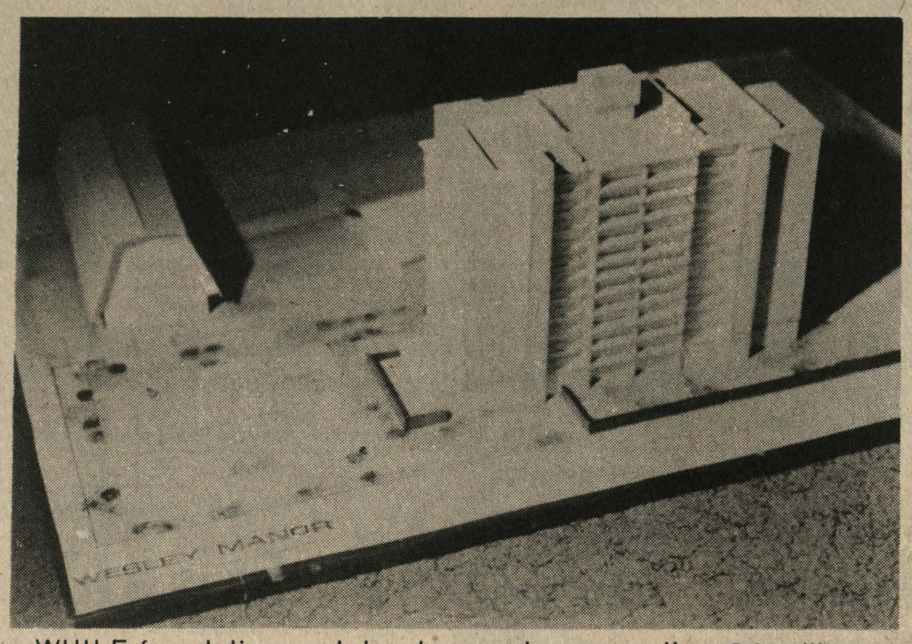
The modules are currently being constructed in Los Angeles while the foundations and other preliminary on-site work is being taken care of here. As a result the modules can be transported north and installed immediately.

Construction on the complex will get underway early next month, according to its developer, the Santa Clara Methodist Retirement Foundation, Inc.

Wesley Manor is expected to be erected by mid-August, according to Cecil Keller, president of the foundation's board of directors. It will be ready for occupancy in February 1979.

Each unit will have air conditioning and a range, oven, refrigerator, garbage disposal, carpets and drapes in addition to a game room and a crafts room.

Cost of the project is $5.8 million.



WHILE foundation work has been underway on the $5.8 million high rise senior complex at 1655 S. Winchester blvd., the building itself is being readied at a Los Angeles area plant. Giant cranes already at the site will begin installing the modules, complete with appliances and plumbing, at the rate of one floor every two working days starting in early July. Developers expect to have the building "topped out" on the 12th floor by mid-August.

WIFE BURNED BY HUSBAND

A 24-year-old San Jose man was arrested and charged with felonious assault on his wife Friday after allegedly attacking and burning her with a lighted cigarette, police reported.

Police said the man allegedly became enraged when he discovered his wife was going to a nearby tavern without him. He reportedly thrust the cigarette into the woman's face repeatedly, burning her in the corner of her eye.

The incident took place near the intersection of Rose court and Jeffers way. Doctors said no permanent damage was done to the victim's eye.

MEATY ARREST

An alleged operation in which meat and liquor were stolen from area supermarkets and then resold was broken up last Tuesday with the arrest of three suspects on charges of selling stolen property, police said.

The suspects, two San Jose women aged 33 and 43 and a 57-year-old Campbell man, reportedly were in possession of $300 worth of stolen meat and liquor when taken into custody.

TOOLS, JACK TAKEN

Automotive tools and a floor jack valued at $2,160 were stolen from Sunburst Motors, 60 E. Sunnyoaks ave., last Monday night or Tuesday morning, according to police reports.

Police think more than one suspect was involved because the property taken was heavy and was dragged across the floor, they said.

FORMER RESTAURANT BURGLED

The site of the former Ace McMurphy's resturant at The Factory, 93 S. Central ave., was broken into to the tune of $1,730 worth of tables, stools and furniture last Thursday, police reports indicate.

Police reports said the restaurant went out of business about a month before the break-in, and the former owners could not be reached.

EXPLOSIVE CITATION

An 18-year-old San Jose man was cited for possession of firecrackers and marijuana after allegedly throwing a pack of firecrackers at the feet of a John D. Morgan Park security man Thursday, police said.

During a routine search of the man after the alleged firecracker incident, police said they found an unspecified amount of marijuana in a plastic bag.

STEREO PILFERED

Stereo equipment valued at $1,015 was taken from a Milton ave. residence sometime Thursday, police said.

IT'S A RISKY GAME

A 21-year-old San Jose man demonstrated his displeasure at losing a game of Risk in an unusual way — by bashing in the car windshield of his opponent, according to police.

The incident took place last Wednesday afternoon. Police said $50 of damage was done to the windshield, which was struck with a baseball bat by the disgruntled player.

ACCIDENT VICTIM DIES

A 21-year-old San Jose man died Tuesday at Valley Medical Center, two days after being injured in a collision at the intersection of Bascom and Hamilton avenues.

Ronald Scott Ferguson, 21, 6563 Canterbury ct., was taken unconscious to VMC following the June 18 accident.

Ferguson was the son of Gerry Ferguson, former longtime football coach at Fremont high school in Sunnyvale.

'Avoid layoffs'

City employees extend contracts

Campbell city employees have agreed to forego salary increases during the next six months in return from an assurance that all reasonable efforts will be made to avoid layoffs.

The "post Prop. 13" budget submitted by City Manager Bob Stephens earlier this month stated no layoffs of regular salaried employees would be needed.

The memorandum of understanding with the four employee groups was agreed to by city councilmen Monday night following a late night executive session. Covered in the agreement, which extends the current contract for benefits through December 31, are the Campbell Municipal Employees Association, Operating Engineers, local 3, Campbell Police Officers Association and Campbell Fire Fighters, local 1939.

Under the two year contract which was due to expire July 1 city employees received an increase of pay and-or benefits of 2½ per cent for the first year and 5 per cent for the second. A prior contract was more generous, tying raises to the cost of living increase during a time of rapid inflation.

Under the terms of the agreement the city will pay any increased rates for benefits during the six month period and have agreed that "adequate funds will be provided for in the final budget to allow for meaningful discussions prior to Jan. 1, 1979," according to Kevin Duggan, assistant to the city manager.

Modeling class for teens slated

Registration is now being taken for a special five week summer course entitled "Introduction to Modeling."

Taught by appearance consultant, Jane Parks McKay, the course will cover basic aspects of modeling, including wardrobe planning, money-saving beauty hints, and potential development for teenagers.

Cost for the five lesson class is $15. It will begin July 6 from 1:30-3:30 p.m. in the Community Room of the Campbell Library, 70 N. Central ave.

All interested persons should register for the course at Campbell Community Services, 75 N. Central ave., or call 378-8141.

Built his own home

Do-it-yourself homebuilding: author explains the how-to-do-it

By TUCK SHEPHERD

DO-IT-YOURSELF expert R.J. (Cris) De Cristoforo of Los Altos Hills is convinced that anyone who is dedicated can "start from scratch and build his own house."

No pie-in-the-sky idealist, De Cristoforo knows what he's talking about. He did 95 per cent of the work in building his own spacious home, complete with his and her studios for himself and his artist-writer wife, Mary.

His self-taught expertise is available to would-be builders in the recently published **De Cristoforo's Housebuilding Illustrated**, a hefty 644-page do-it-yourself guide with 1,018 drawings and photos — most of them the handiwork of the author.

The volume ($14.95), a Popular Science Book, is published by Harper and Row.

De Cristoforo's experience in the do-it-yourself book field is extensive. Altogether he has written approximately two dozen "how to" books — seven or eight of them still in print — over the last 25 years. He is the current president of the National Association of Home and Workshop Writers, and is listed in **Who's Who.**

A WRITER since he was 16 or 17, De Cristoforo was initially interested in poetry and fiction and was at one time included in a list of Outstanding Contemporary Poets.

Since he had always enjoyed working with his hands, he branched out into the "how to" field, which had the advantage of bringing in some money — more than could be said for his fiction and poetry.

De Cristoforo said he had no formal education to prepare him for his chosen field. After high school in his native New York, he took some college courses in writing, but was largely self-educated. "I learned by doing," he said. "I have done everything I've ever written about."

Subject matter of a few of his many books have included power tools and how to use them, concrete and masonry and leathercraft. He is now working on a tool catalogue which tells what various tools are and instructions for their use.

His books have drawn fan letters from readers in such far-flung spots as Arabia, Australia and Sweden — and even one friendly commentary from an Eskimo.

De Cristoforo sees his **Homebuilding** book as useful not just to the person who wants to build or add on to a house, but as a handy reference for any householder. "It tells the homeowner what a house is — what's in the attic and crawl space, what he should know so he can live in the home more comfortably."

REFERRING TO the book's comprehensive subject matter — "as detailed as a home building book can be" — the author said, "I don't want to scare the reader. He shouldn't think that he must do everything."

De Cristoforo recommends getting outside help for such projects as concrete pouring ("such a physical job"), plumbing and electrical work.

"But as to woodworking," he continued. "There's no reason why anyone can't handle it."

He added, "The only difference between a professional and an amateur is that the professional has done the job and the amateur has to learn. And there's no reason why he can't. Even the professional at one time was an amateur."

Despite skyrocketing costs of lumber and other building materials, do-it-yourself building is still very worth while from the financial aspect, as well as in the satisfaction derived. "Regardless of how high materials go, you're still in the area of a 50 per cent saving by doing it yourself rather than having it done by a professional," he said.

De Cristoforo and his wife, Los Altos Hills residents for 22 years, came to California from New York when he accepted a job with Magna Engineering, then located in Menlo Park, to write a book for the firm.

HE STAYED with Magna Engineering for four years before deciding to go back to freelancing. "I'm not an organization man," he said with a smile.

De Cristoforo learned photography from the late William C. ("Chuck") Eymann of Palo Alto, an accomplished freelance photographer who did the photos for many of the local author's previous books.

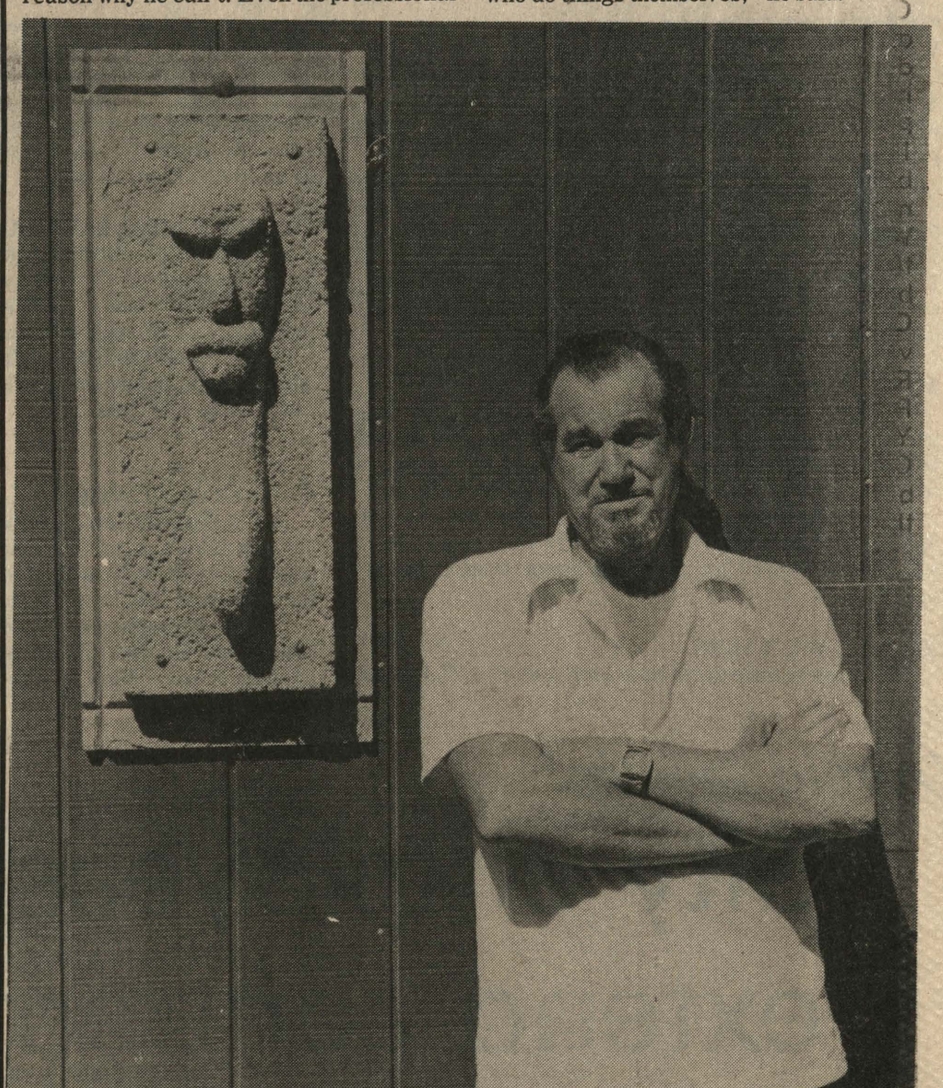
The De Cristoforos have three grown sons — "all creative": Danny, 33, who has his master's degree in geology and is now working in Colorado; David, 30, in the construction business in Nevada, also a writer, and Ronald John, 24, known as "R.J.," who has just designed and built two solar-heated hot tubs. David and his wife have two children.

Mary De Cristoforo paints and writes and is interested in photo-journalism.

All hands pitched in to help with the job of building the family home. Most memorable of the cooperative construction projects was laying the flagstone floor in Cris' studio — an unforgettable task that involved working with 8,000 pounds of stone, which came "unsliced."

Mary said with a laugh, "This carried on the family tradition of doing things the hard way."

With his concise, easy-to-understand "how to" books, De Cristoforo has won the trust and respect of readers. The feeling is mutual. "I have great respect for people who do things themselves," he said.



Los Altos Hills author Cris De Cristoforo is shown with a self portrait.

Her youngsters wear well with Barbara

By CHUCK HILDEBRAND

EVER WANTED TO wear your memories?

Barbara Dunton has been doing it for years.

For 13 years, the second-grade teacher at Rosemary school has maintained a tradition that has made her class much more than a stopover between first and third grades.

She purchases a white dress and some marking pens — and turns her children's imagination loose with them.

"I let them do their own thing and I encourage them to draw creative and original things," Mrs. Dunton says. "I ask only three things — that they sign their names, that they not copy and that they cap the pens after they're done."

The resulting artwork is added to her sizable collection and she wears all of them proudly, drawing admiring comments and glances from passersby.

More importantly, the creative power of those young minds is kept for posterity — for both teacher and student to remember."

And the students do remember. Just last week, according to Mrs. Dunton, one of her former students, now 17 years old, recognized one of the permanent press masterpieces.

"It's a real special thing for the children and I," Mrs. Dunton says. "We always do something special when we do the drawing so that it's something they'll always remember."

What do the children draw?

"They're so childlike and so original," marvels Mrs. Dunton. "They draw trains, cars, guns, just about everything — whatever they want. This year, since it's springtime, a lot of the children drew flowers."

She got the idea from a magazine that featured drawings on an apron and decided to carry the idea one step further.

The material she uses looks like linen but is actually a cotton-polyester blend. It is dried for three days, soaked in a salt-vinegar solution and dried again.

The project is just one step in Mrs. Dunton's effort to help children realize their own capabilities and to like themselves. "I try to teach them to do their own thing and, above all, to be individuals and not copy other people," she concluded.

ROSEMARY SCHOOL second-grade teacher Barbara Dunton shows one of the skirts she created with fabric, marking pens and her children's creativity. She's been at Rosemary 16 years and has undertaken the project for the past 13 years, giving her children something to remember her by . . . and vice versa.

Newsbriefs

DOG WALKING PERMITS NIXED

A proposal by a resident to allow dogs in John D. Morgan Park by issuing "dog walking permits" was turned down by Campbell parks and recreation commissioners last week. After discussion the commission decided to again uphold their earlier recommendation that the present ban be upheld.

Commissioner Dewey Reed also reported he had seen a television program which discussed the problem of "active dog worms" found in parks where dogs have free access.

SENIOR DROP-IN CENTER DELAYED

Action on plans for a city-sponsored drop-in center for Campbell senior citizens will be delayed until final budget hearings in August, councilmen decided last week. The estimated yearly operating costs of the center would be about $36,000.

Terry Ellis, administrative assistant, reported that state Title V funds would be available to help in setting up the center, planned for the downtown area. That $20,077 in funding would have to be matched with $6,000 from the city.

BROWN ACT VIOLATION?

Members of the West Valley College District governing board have asked for a legal opinion by County Counsel over the actions of President Robert Brydon last week.

The question came after Brydon, in attempting to straighten out some confusion about an action taken at an earlier meeting, polled other board members by phone. The confusion was over their June 15 decision to hold a six week summer session with "all physical education and recreation classes, wherever possible, to be offered through adult education and-or community services."

After that meeting Superintendent James Hardy struck 57 of the 307 offerings at both campuses and asked community services to register students in those classes for a fee.

Brydon said last Thursday that five board members wanted all classes to remain in the schedule.

Trustees Wade Brummal and Foster Lopez both declared last week they had not changed their minds, however.

After Lopes termed the polling of the board a violation of the Brown Act, other board members asked the district to seek a legal opinion.

BRIDGE ANYONE?

Saturday classes in bridge will begin Thursday, July 8 sponsored by Campbell Community Services.

The six sessions, taught by Alan Becker, will be held at the San Jose Bridge Center. Fees are $10.

For more information call 378-8141 weekdays.

BLOCK A FERRISNAUT

Jeffrey Block, 21, a custodian for the Campbell high school district, joined Rena Clark last Thursday in an attempt to break the world's record on ferris wheel riding; 29 days.

The two, known as Ferrisnauts, are making their record breaking bid at Frontier Village in San Jose.

An Affair to Remember with BEA RENÉ

© Bea Rene 1975

Let me introduce you to a lovely dining experience . . . **LE PAVILION RESTAURANT** situated in a Garden Penthouse on top of the LE BARON HOTEL. You may enjoy a distinguished Continental dinner while admiring a panoramic view of the Santa Clara Valley & the S.J. Airport below. There's also a roof garden for open dining during our lovely Calif. summer weather. You may enjoy a luncheon buffet for only $4.25 Mon.-Fri., 10-2 p.m. & a free flowing Champagne Brunch every Sun. for only $6.95 (all you can eat) w/a wide selection of entrees, fr. fruits & salads. (Child under 10, $4.) Dinners range from $7.95-$14.95 & this is haute cuisine at its finest. Highly recommended!

It's marvelous to hear good jazz performed by a talented group such as "TOUCH" – you can hear this great music every Wed.-Sat. nights at **CLEMENTINE'S** &, believe me, they are really super. Another popular group – "CHAMBER POT" perform every Tues. Night. Located in the Stfd. Shopping Ctr., **CLEMENTINE'S** caters not only to the shopping crowd, but to diners who enjoy great cuisine in the evening & fine entertainment. Also, this is without a doubt one of the most unique restaurants in decor that I've ever seen – & many readers feel the same. Do visit soon.

A good Chinese dinner can be enjoyed at the **HWEI FU SHING RESTAURANT** – though unobtrusive in appearance – it makes up for this lack of ornate decor by its good cuisine prepared by Chef/Owner Pang On Lwi. Children are welcome & it's a great spot to take the whole family. Stop by some Sun., too. Bring your group to sit around the friendly lazy susan tables – a fun way to dine!

I think cleanliness & sanitation are no small part of a good restaurant. **SIRLOIN & BREW UNLIMITED** are particular on this subject. Marvin Greenwald, assist. to Gen. Mgr. Ed Driscoll says all 6 of their restaurants are constantly monitored to be sure that the highest standards of cleanliness & hygene are maintained in the kitchen, dining rooms, restrooms, etc. I was shown their wonderous dishwashing equipment which washes, rinses & sterilizes all dishes & cutlery. It's a comfort to dine well on their top quality Steaks, sip unlimited wine, beer or Sangria & be assured that everything is spotless & sanitary.

Cambellites celebrate their 64th anniversary

Sharing the evening together with a quiet dinner at home, Bertha and Charles Brightbill celebrated their 64th wedding anniversary on June 20.

Bertha, 92, and Charles, 90, were married in Higginsville, Missouri, in 1914 and settled in Pennsylvania where Charles worked on the Redding Railroad. In later years he was employed by another Pennsylvania firm which manufactured sunglasses and protective goggles.

The local couple had two children, a daughter, Mildred, who they now live with in Campbell, and a son, Donald, killed in World War II. They also have three grandchildren and two great-grandchildren. A third great-grandchild is expected in August.

During their three score and four years together the Brightbills have enjoyed traveling and gardening. Both were members of garden clubs and were active in the Rose Society. In Pennsylvania the couple won many awards for their prize roses.

BERTHA AND CHARLES Brightbill celebrated their 64th wedding anniversary June 20. The couple who live at 290 W. Latimer ave., and both enjoy good health. They are active in senior citizen and church activities locally.

Come into Fidelity Federal and we'll give you this free.

Bring $1,000 with you and here's what else we'll give you.

We'll give you 8% interest guaranteed for a minimum of 8 years.

Just deposit $1,000 in one of our new 8% Certificate Accounts. And leave it there for 8-10 years.

If you don't withdraw the interest or the principal, you'll double your money in less than nine years.

We'll give you a choice of savings plans to fit your needs.

Check the chart to see how you can best balance your long-term and short-term savings goals.

Rate Per Year	Annual Yield*	Minimum Deposit	Minimum Time
8%	8.33%	$1,000	8 years
7¾%	8.06%	$1,000	6 years
7½%	7.79%	$1,000	4 years
6¾%	6.98%	$1,000	2½ years
6½%	6.72%	$1,000	1 year
5¼% (Current rate)	5.39%	$5	None

*Annual yield results when interest is compounded daily and left in the account for one year.

Deposits by the 10th of the month earn interest from the 1st.

Remember that government regulations require substantial interest penalties for early withdrawals from all certificates.

That's why we recommend you keep some of your savings in a Fidelity Federal Convenience Account. Your money will earn 5¼% at the current rate. And you can withdraw it anytime you like without paying a penalty.

Or, bring $10,000 with you and we'll give you .25% more interest than the current rate on U.S. Treasury Bills

With our new Money Market Certificate, you can actually earn *more* than you'd earn with 6 month U.S. Treasury Bills.

If you can spare $10,000 for 6 months, ask us about it. (Don't forget that early withdrawal penalties also apply to Money Market Certificates.)

Bring your passbook from where you're saving now. And we'll take it from there.

Or, if you have any certificates due to mature soon, bring them along.

We'll contact your current savings institution, and we'll handle the transfer details free of charge.

Either way, a copy of "California Missions" is yours free.

Of course, we hope you'll want to open an account at Fidelity Federal. But even if you don't, you'll get a copy of "California Missions" just for coming in.

This beautiful 72-page book tells the location and history of each of California's 21 missions.

It measures 8½ x 11 inches, and is illustrated with more than 50 full color pictures.

To get your copy, please fill out the coupon below and bring it with you to any one of our 24 offices in California.

We know you'll enjoy the book. And we think you'll also discover a great place to save.

'Stimulation of attrition'

No layoffs of county employees anticipated

By CHUCK HILDEBRAND

EARLY indications are that no layoff of Santa Clara county personnel will be necessary in the wake of Proposition 13, at least for the time being.

However, non-emergency county services will be sharply cut back and fees for licensing and development will be hiked significantly as the result of the passage of the controversial inititive, according to county Supervisor Rod Diridon.

Diridon said that, despite the apparent staving off of personnel layoffs and a 5.2 percent cut from the budget of $567 million, county services will be reduced dramatically.

The county will reduce its work force from 11,000 to 8,000 or 8,500 in the next three years through a "stimulation of attrition" program, Diridon said.

County employees, Diridon said, will be encouraged to find employment elsewhere. Representatives from private industry have been invited to recruit from the county work force, he noted.

ALSO, early retirements, voluntary work time reductions and other attempts to reduce the number of employees through attrition will be utilized, Diridon said.

Dirodon said fees for land development, planning, animal control and other user-related fees will skyrocket, as will sanitation inspections of such establishments as restaurants.

"We're going to charge the full cost of those services, which we should have done before and we're going to have to do now," Diridon said.

Diridon said the task of meeting the county's goal of no personnel layoffs with the limited funds available wasn't an easy one. He added that it isn't complete yet because nobody knows just what the county's share of the state surplus freed last week by the state legislature will be.

IN FOUR days of county budget hearings last week, Diridon said, expenses costing $30 million of the $120 million brought in by property taxes last year were "evaluated for elimination. "We were cutting and slashing vigorously," he observed.

"I'm absolutely sure we met the voters' mandate (in voting in Prop. 13), even if we have to shut some services down," Diridon said. "There will be service reductions, although we'll protect the emergency services, and we'll have to go through the same thing next year because then there won't be a budget surplus."

The general result of the budget hearings, according to Diridon, is that people will start having to do things themselves that the county had done for them in the past. "We just won't have enough people to do the same amount of work," he concluded.

Olga

Use creativity to reach that goal, Sag

For July 1 through July 7:

ARIES (March 21-April 19): Unexpected match highlighted, Ari, so en garde! Romantic situation may warm — that's the good news. The bad news is that the peach flambe could burn your willing lips. Week ends with a holler.

TAURUS (April 20-May 20): New tune is played, Taurus, and you dance like you've never danced before. Holiday spirit prevails. Week of new moon is ideal time to start new project. Last day for lolly-gagging.

GEMINI (May 21-June 20): Hide the honey pot, Gem, for a cuddly bear may be trailing you. Message clears. Picnic mood prevails. Don't permit summer sun to fry your circuits, Gem, or week will end with a sizzle.

CANCER (June 21-July 22): Cost of unsolicited gift may run high, Moonbaby, so think twice before accepting. Message of affection warms the cockles of your heart. Before holiday feeling fades, you glow.

LEO (July 23-Aug. 22): Romance apt to come tooling down the boulevard, Leo, so be prepared to hop on board. Party plans highlighted. Noisy week ends on key of B for beans — you're full of them.

VIRGO (Aug. 23-Sept. 22): As change walks in the door, ennui flies out the window. Old effort pays off. Adjust your personal antenna, Virgo, and fuzzy picture clears. Channel energy. Busy week ends — not with a bang but a whimper.

LIBRA (Sept. 23-Oct. 22): You experience feeling of vitality and power during week of new moon. Allow progressive ideas to stimulate your thinking processes, Libra. Before holiday week is over love tiptoes into your heart. Goody.

SCORPIO (Oct. 23-Nov. 21): Personal drama approaches denouement. Member of another generation plays key role. You can gain insight, Scorp, if you keep mind open but mouth closed. Weary dream dies peacefully. Don't mourn — rejoice.

SAGITTARIUS (Nov. 22-Dec. 21): Change, variety highlighted. Goal can be reached, Sag., with a smidgen of creative effort on your part. Opportunity knocks — but only once, so open door with a smile on your face and a refreshing drink in your hand. Holiday week ends with a sigh.

CAPRICORN (Dec. 22-Jan. 19): Generations join in week ahead, Cap, and union can be a beautiful one. Secrets are whispered. You come to realize (at last!) that the fruit that falls without shaking is too ripe for your taste. Busy week ends with a buzz.

AQUARIUS (Jan. 20-Feb. 18): New moon means a new start and greater independence, Aquari. Take nothing for granted concerning money matters. Enchanted woods await. Enter, if you dare!

PISCES (Feb. 19-March 20): Intuition works overtime — you know what loved ones want and need before they do. Bite your tongue, Pisces, for nobody loves a smart fish. Study message to Aries. Week ends on noisy note.

Nutrition notes

Do low fat, diabetic diets have to be bland?

By DOROTHY TERRILL

Editor's Note: Dorothy Terrill, a registered dietitian and instructor at De Anza College, holds an M.S. in nutrition from UC-Berkeley. Questions about nutrition are invited. Address all questions to: Dorothy Terrill, Nutrition Notes, Suburban Newspaper Publications, Inc., P.O. Box 368, Cupertino, 95014. Mrs. Terrill will answer questions as space allows.

A READER wrote asking about different ways to prepare foods for low fat and diabetic diets. Her letter said, "How about people who are restricted to low fat diets and diabetic diets? We would like to know how to prepare the foods we can eat that are a little different than the ones the doctors give us. We have good diets that are nutritious, but we do get tired of the same old thing year after year."

There are some cookbooks which have recipes specifically for diabetics and some combine the low fat aspects, too. One author, Jeanne Jones, has written two books, one called "The Calculating Cook" for diabetics and another "Eat To Your Heart's Content" which combines the diabetic diet with low fat preparation.

Both of these books retail for about $5 and are published by 101 Productions in San Francisco.

Jones is a young vivacious diabetic who loves to cook and was determined that her diet could still include some of the gourmet items that she enjoyed preparing and eating. She is not a dietitian but uses dietitians as consultants in all her publications. These books are available in area bookstores. I think that this reader will find the second bock especially useful since she is concerned about the fat in the diet, too.

ANOTHER book, written by a dietitian, is titled "Diabetic Menus, Meals, and Recipes" by Betty West and Nancy Greene Eash and published by Doubleday & Co., Inc., 1978 and priced at $7.95. This book combines both meal planning and recipes. A trip to your public library may turn up other cookbooks written especially for diabetics. Do look at the publishing date as any published prior to the early 1970s are not likely to give much consideration to the fat content of the recipes.

As stated, the diabetic diet is nutritious. It is a very healthy way to eat but when cooked without embellishments, can become tiresome. Most of the food preparation, as you know, involves broiling, baking, and boiling or simmering. Foods are not breaded and fried or served cream style. However, these last two methods of preparation add a lot of fat to the diet and are really not recommended for anyone. People who frequent the fast food chicken and fish establishments know how much fat (grease) and breaded covering go along with a small piece of the protein food.

THERE ARE some general good preparation methods which add flavor without a lot of unwanted calories. Cooking with a little wine is one. The alcohol evaporates when heated so you get only the flavor of the wine. And a little can go a long way. Lemon juice and tomato juice can also be used for added flavoring. Any herb or spice combination can really make the difference. Some favorites that go on many different foods are dill weed, sweet basil, oregano and a little garlic.

A good place to go for resource material as to what spice goes with what food is to the spice company itself. They usually have free brochures with a chart showing which foods combine well with which spices and offer some simple recipes.

In preparing vegetables, don't overcook them and try the stir fry method for a different flavor. To stir fry you need only add a very small amount of fat (one or two teaspoons for four servings) and add the vegetables. Stir them around and over so the steam helps cook them. Cook for only a short time so that the green vegetables are still a nice bright green instead of a dingy brown. Stir fry is a good way to use combinations of vegetables and bean sprouts added give an Oriental touch and flavor.

Yanks retain narrow lead

Roam hit keeps Giant play-off hopes alive

By CHUCK HILDEBRAND

THANKS TO Ken Roam, the Fiorillo's Pizza Giants are still afloat in the race for the fourth and final Campbell Moreland Pony League play-off berth.

The Giants, facing virtual elimination from the chase had they lost, got a run-scoring single from Roam in the bottom of the seventh to edge their closest rivals, the American Realty Cardinals, 4-3 and move to within a half game of the Redbirds in the standings.

The previous day, the Cardinals had pushed the Giants to the brink of oblivion with a 5-1 triumph.

Meanwhile, the Fontanetti's Yankees retained their narrow half game lead in the fight for the regular season title despite an upset loss at the hands of the last place Gagliardi Brothers Dodgers Saturday.

Fontanetti's recovered from the Dodgers' 8-7 upset to paste the same team the next day 11-5.

The Magoo's Pizza Pirates and Campbell Optimist Mets split a crucial weekend series, the Pirates taking the opener 4-3 on Mark Floth's 10th inning homer and the Mets retaliating 2-0 behind the mound prowess of Brad Ceynowa.

IN THE SUNDAY duel between the Giants and Cards, the Giants broke to a 3-0 lead in the second as Ed Rodriguez singled in two runs, only to see the Cardinals tie it in the fifth on Harold Sutherland's two run homer.

It remained that way until the seventh when the Giants, with no experienced pitchers eligible to work the eighth staged their successful last-ditch rally.

Todd Phillips gained life on a throwing error by the third baseman but was forced at second by Mike Reilly. Paul Balbas then sacrificed Reilly to second to set up Roam's clutch single.

In the Saturday game, the Cards' Curt Hollars shackled the Giants on two hits until the seventh, when he needed last out help from Sutherland to preserve the win.

Hollars and Sutherland each accounted for two hits, as did teammate Al Vanegas.

The Yankees almost pulled off another of their notorious late inning comebacks against the Dodgers, but were foiled by an unsuccessful steal of home in the seventh.

Gagliardi's Eric Beyer, who inherited a 5-2 deficit when he took the mound in the second, permitted no hits until the seventh while his teammates teed off on Yankee pitching to take an 8-5 edge entering the seventh.

But a two run single by Dominic Costantino narrowed the gap to 8-7 and put the tying and winning runs at third and second base.

HOWEVER, THE runner on third was trapped and tagged out trying to steal home and Beyer fired a called third strike past the last hitter.

Beyer was three for four at the plate and Joe Emmett of the Dodgers and John Imhoof of the Yankees each slapped two hits.

The Yankees rebounded the next day, piling up three runs in the first, fourth and fifth frames to coast home behind Costantino's seven-hitter.

Jeff Nelson singled three times and Scott Colen added a pair for the Yanks. The Dodgers got a three hit output from Steve Konontz and two safeties from Bill Wright.

Floth's solo home run gave the Pirates their Saturday success against the Mets and lifted them into a temporary tie for first with the Yankees.

The Pirates trailed 3-0 entering the seventh but stormed back to deadlock the count and send the game into extra innings. Doug Kercher added an RBI single and John Lawson tied the game with a pinch double.

The Mets' Chris Gettler broke up a scoreless duel between Bob Straight and the Pirates' Brett Blackwell with an RBI double in the sixth and the Mets chalked up two more in the seventh.

In the other weekend series, the Tigers walloped the Cubs 8-2 and 15-1 with Bill Roberts tripling twice, singling twice and collecting four RBI's in the latter skirmish.

JOHN MURPHY of the Cubs grabbed the league home run lead with his fifth of the season Sunday and John Aimonetti clouted his fourth Saturday for the losers.

In weekday games, the Dodgers set an unofficial league scoring record by burying the Tigers 17-3. The Yankees squeaked past the Cardinals 3-2 Tuesday, the Cubs got past the Giants 3-2 Thursday and the Mets bumped off the A's 2-0 Friday.

The Dodgers blistered 14 hits in just five innings Monday, with Emmett and Beyer crashing three each and Steve Wedel and Koontz getting two. Roberts lashed a three run HR for the Tigers' only runs.

On Tuesday, Dave Bryant's seventh-inning safety squeeze plated Rich Alvarez to give the Yankees the win. Alvarez tossed a four-hitter.

Mario Fontano's two run triple in the sixth climaxed a three run Cub rally Wednesday and handed the win to John Murphy, who winged a two-hitter.

Counting his perfect game June 19 and his last start before that, Murphy retired 36 consecutive batters before he walked Craig Trinidad with two out in the fourth.

Straight of the Mets doubled and then stole home in the first for the only run his club needed Friday, and Eric Crawford rocketed a home in the fourth for insurance.

Straight and Brad Ceynowa teamed for a three-hitter and Straight wound up with three hits.

The regular season winds up this weekend and the four team, double elimination play-offs begin July 5.

The Dodgers take on the Giants tonight and the Cardinals challenge the Tigers Friday, both at 6 p.m. On Saturday and Sunday, it will be the Mets and Cubs at 9:30 a.m., the A's and the Dodgers at noon, the Yankees and the Giants at 2:30 p.m. and the Pirates and the Cardinals at 5 p.m.

Managers and coaches for the two all-star teams will be selected July 3 and the teams will be chosen July 8.

Moose Lodge claims second half crown

MOOSE LODGE knew it needed some help heading into the final week of the regular Campbell Little League season. And Moose received that help from an unexpected source — Campbell Plaza.

Trailing first place Willow Glen by a game heading into the final week of play, Moose Lodge had to hope that it could win all three of its remaining games while either Breuners or Campbell Plaza upset Willow Glen.

Not only did Moose win all three of its games, but Breuners and Campbell Plaza combined to deal Willow Glen three defeats.

Last week's turn of events resulted in Moose Lodge capturing the Campbell Little League's second half championship in the Major division.

Since Moose also owned the first half title, the regular season champs will draw a bye in the first round of the post-season play-offs.

Fontanetti's, the first half runner-up, and Willow Glen, the second half runner-up, will battle each other for the right to play Moose Lodge in a game that will decide who will represent the Campbell Little League in Tournament of Champions play.

BREUNERS STARTED Willow Glen's disastrous three game tailspin last Monday by posting a 3-0 victory behind the three-hit pitching of Daryl Jones. Jones struck out six in the win.

Peter Christian was two for three in the win for Brueners.

Willow Glen then suffered back-to-back losses to Campbell Plaza, a team that had entered the week with a lackluster 4-7 record and were six games in back of the loop leaders.

Plaza knocked Willow Glen out of a first place tie with Moose last Saturday with a 3-1 victory.

Gilbert Vanegas tossed a three-hitter for the win and also drove in what proved to be the game winning run.

Plaza then officially eliminated Willow Glen from the second half title race by dealing it a 5-3 setback.

Andy Buchanan posted the win, fanning six to raise his league leading total to 108.

Greg Comic was three for three while Buchanan was two for two with a pair of runs-batted-in for the winners.

Jerry Feroben was two for three in the loss for Willow Glen.

Moose Lodge, meanwhile, stormed past Willow Glen with wins over Robins and Brueners.

Moose started the week with a 7-3 triumph over Robins as Bill Tsamis recorded his sixth win in seven decisions.

STEVE CENA, Bill Avery and Tsamis collected two hits apiece for Moose Lodge. Darrin Okamoto and Mark Rodriguez both had two hits for Robins.

Moose then moved into sole possession of first place by nudging Brueners 2-1 in seven innings.

Jerry Pennington drove in both of Moose's runs in the win while Avery was two for three.

Brent Hahn chalked up the win in relief of Stan Roam, who allowed just one hit and struck out 10 in his six inning stint on the mound.

Christian accounted for Brueners' only hit, a third inning single.

Moose completed its remarkable second half comeback by defeating Brueners 8-3 on Sunday. It was ML's 12th consecutive victory since starting the second half with two straight losses.

Avery fanned 12 on the way to his fifth win without a defeat. Jones took the loss but struck out 11, raising his season total to 100.

Hahn was three for four and Roam belted a homer and drove in three runs to lead Moose's offense. Pennington was two for four.

In other action, Fontanetti's finished the season with three straight wins to share third place honors with Brueners.

FONTANETTI'S topped Plaza 2-1 behind the three-hit pitching of Dave Meyer. Buchanan hurled a two-hitter but absorbed the loss.

Frank Ortiz lashed the game winning hit in Fontanetti's 2-1 victory over D's Automotive in eight innings.

George Tsamis was the winner in relief.

Mike Mattingly and Dave Brown both stroked two hits for the victors.

Dave Brown's ground ball to the right side scored Mike Medefesser from third base and lifted Fontanetti's to a 5-4 win over D's in seven innings.

Medefesser and Ron McKenna both had two hits for Fontanetti's and Robert Artery was three for four for D's.

Gary Favre was the winner in relief.

LL games on KRVE radio

CAMPBELL Little League games played on Saturdays can be heard on a tape-delay basis each Tuesday through Friday at 3:30 p.m. over KRVE radio (95.3 FM).

The broadcasts, produced by GAP Sports Productions, will run season long.

Cubbies clinch Moreland title

DESPITE A final day loss to the Senators, the Cubs still managed to capture the regular season major division championship in the Moreland Little League recently.

The Cubs finished the season with a 13-7 record, two games in front of the second place Giants, who were 11-9.

The Giants and the third place Senators will battle this week in a best two-out-of-three series for the right to meet the Cubs for the overall Moreland championship.

The winner of the Giants-Senators series will take on the Cubs in a best of three series set to start Wednesday, July 5.

The Cubs ended their regular season on a sour note, losing to the Senators 2-1. Ken Kiplinger tossed the win while Tony Pantuso took the tough loss.

Tom Penrod of the Reds was elected to be the manager of the all-star team this year. Auggie Aguilera of the Cubs and Mike Campe of the Dodgers were selected to be Penrod's coaches.

Orndduff—best wrestler this side of Rockies

THERE JUST might be a 12 year old, 130 pound wrestler in the United States better than Campbell's own Ted Ornduff. But if there is, he doesn't come from the West — Ornduff has certainly proven that!

Ornduff proved that he's the best in his class this side of the Rockies when he wrestled his way to the Western Regional championship recently in competition in Tumwater, Washington.

Ornduff, a 12 year old in his first ever year of wrestling, won six matches at the Western Regional event to nail the 130 pound title. All six of his wins in Tumwater were by pin.

Ornduff qualified for the Western Regional tourney by placing first in his 130 pound division at the Northern California championship in Turlock. He won three matches there, two of them by fall.

The local youngster was competing for the Campbell Freestyle Wrestling Team under the direction of coach Lloyd Lyvere.

Ornduff started wrestling last winter with the team at Castro junior school even though he was just a sixth grader at Latimer school.

The 12 year old was given special permission by the principals at Latimer and Castro to compete on the junior high school athletic teams.

Ornduff was a member of the Castro wrestling team and was also named the most valuable player on one of the school's basketball teams.

He currently is a member of the Giants in the Campbell-Moreland Pony League baseball program.

Bobcats tops at Reno tourney

'Valuable' VanAmburg leads 'Cats to title

By DICK SPARRER
SPORTS EDITOR

THERE'S NO doubt that Brenda VanAmburg is a valuable player for the Santa Clara Golden Bobcats women's fast pitch softball team.

The speedy center-fielder does it all for the Bobcats — hits, fields, steals bases.

But with all of the fine ballplayers that surround her in the tough Bobcat line-up, it's difficult to determine just how valuable she really is.

Well, if the Bobcats were wondering about VanAmburg's value, they certainly aren't anymore. The folks in Reno, Nevada, saw to that recently when they picked her the Reno Tournament's Most Valuable Player.

VanAmburg was picked the MVP after leading the Bobcats to the tournament title in Reno with an impressive offensive and defensive performance.

VanAmburg, a graduate of Westmont high school, hit .391, scored six runs and drove in 10 more to spearhead the Bobcat showing at the tourney.

"She played outstandingly," said Bobcat manager Fran Angleson. "She came up with the big hit when we needed it and made some fine, diving catches in the outfield."

THE 'CATS won five of six games in the tournament to win the title. Their one loss was their first of the year and their 5-1 record left them with a 17-1 season mark.

Pam Reinoehl (Los Gatos) also had a fine tournament at the plate for the Bobcats, hitting .409 and scoring nine runs. Jeanne Wilde (Branham) hit .385, Sue Kensill (Camden) .375 and Pam Goldsborough (Willow Glen) .350 with nine runs scored and seven runs-batted-in.

Kensill was the club's top pitcher in the tournament, posting a 4-0 record and a low 0.75 earned run average.

Wilde was also praised for her defensive showing at catcher for the Bobcats.

"She called her own games and played very well defensively," said Angleson. "She's just been doing the job. She's showing a lot of poise back there."

The Bobcats won four of their first five games in the round robin tournament to win their division and to nab a spot in the title game.

The 'Cats took on the Fairfield Winenippers in the title game and locked up in an extra inning battle.

THE 'NIPPERS scored in the second and Santa Clara tied it in the fifth. Reinoehl tripled and VanAmburg singled her home.

That was how things remained until the Bobcats broke loose for four runs in the ninth to put the game on ice. Wilde and Reinoehl singled and Goldsborough singled each of them home. VanAmburg followed with a two-run homer to close out the scoring.

Kensill allowed just five hits in the game, fanning two and walking just three, to claim her fourth win of the tournament.

VanAmburg was three for five with a double and a homer and drove in three runs in the title game and Reinoehl was three for five with a triple. Tracy Ambler (Santa Teresa) also tripled and Goldsborough, Wilde, Cindy Meyer (Camden), Kim Bowles (Pioneer) and Bridget Stewart (Branham) each singled for the champs.

The Bobcats opened the tourney with a 10-3 win over the Lodi Pacers behind Kensill's seven-hitter. She whiffed four and walked just one. Reinoehl was two for four and Wilde tripled and drove in three runs. VanAmburg drove in two runs and Ambler doubled.

MOST VALUABLE — Brenda VanAmburg, a graduate of Westmont high school, was the most valuable player in the Reno Women's softball tournament for the Santa Clara Golden Bobcats.

KENSILL PICKED up a win in relief of Stewart to lead the 'Cats past Sierra Express of Reno 5-4. Goldsborough was three for four with a double and VanAmburg was two for four with two RBI's to lead the offense.

Stewart flipped a seven-hitter to pace the Bobcats past the Monterey Breakers 16-6. Kensill was three for four with two RBI's and Wilde was two for four.

The Bobcats knocked off Morilla's Construction 9-4 behind Kensill's five-hitter. VanAmburg was two for four with three RBI's, Reinoehl was two for three with two RBI's and Wilde was two for three with a triple.

Meyer fired a two-hitter and gave up just an unearned run in the fifth inning but was tagged with Santa Clara's only loss of the season so far. The Bobcats lost 1-0 to Lake Oswego of Oregon.

Kensill tripled and Ambler singled for the only Bobcat hits of the game.

The Bobcats will now take off for the Hayward Tournament this weekend, opening on Friday, June 30, at 7:30 p.m. against the Concord Suns at Patrick Gomer field in Hayward.

Barons help Killroy into softball lead

THANKS TO the SMS Barons, Killroy is currently all alone atop the men's "B" division of the Campbell adult softball league.

The Barons trounced the previously unbeaten No Names 13-0, leaving Killroy as the only undefeated team. Killroy leads the loop with a 7-0 record, one game better than that of the Barons and the No Names, who are both at 6-1.

Ron Koleman tossed the win, allowing just six hits and one walk while striking out one.

Jess Salazar and Dave Salazar both ripped triples while John Salazar, Randy Armer and Pete Salazar all lashed doubles to spearhead the Barons' 19-hit attack.

Killroy, meanwhile, romped to its seventh consecutive victory by crushing Bauer Concrete 12-2.

Art Silva blasted a home run and Tim Woodside clouted a triple to pace Killroy at the plate.

Steve Bauer drilled a double for the losers.

Togo's trimmed Steve Peacock Insurance 9-8 as Jim Brisboise flipped a five-hitter and struck out two.

Denis Tietz slammed two doubles and Jeff Carver smacked a triple for Togo's.

Larry Preston hammered a home run for Steve Peacock.

Tom Young clouted a home run, Rob Gerdin laced a triple and Don Henry drilled a double to spur Ying Yang to an 8-3 triumph over Kamper Kits.

Ted Turnipseed tossed a four-hitter for the win, whiffing one.

RON MERZ rammed a homer and Jim Knerr slapped a double for the winners.

Keith Valk homered, Rick Pullen tripled and Rick Cardimone doubled for the Lifers.

In men's "C" division play, Bigan Enterprises moved to within a game of the division leading Campbell Police Department with an 8-5 win over Classco Clowns.

Jeff Gladden and Vern English both blasted homers to key the Bigam attack.

Brutus LeCon homered and Mike Areola doubled for the Clowns.

The Clowns also lost to the Tonko Blues by forfeit.

Mike Blacker laced a pair of doubles to pace an 18-hit attack as Noel Brown #2 defeated Noel Brown #1 15-11.

Sam Colston and Manuel Brager also lined doubles for the winners.

Don Boslog belted a pair of home runs for the losers while Tony Furlong lined a triple and Kelly Stout cracked a double.

Tom Smith homered and doubled to lead Kragen Auto to a 7-2 win over Bill's Transmission.

Don frosh-soph finishes second

WHILE DEL MAR'S varsity baseball team was capturing a share of its first West Valley Athletic League championship since 1966, the Don frosh-soph was busy recording one of its finest seasons in recent history also.

The Don youngsters finished the year with a 14-7 overall record and were 13-3 in WVAL play, good for a share of second place.

Rich Riehl was a big reason for Del Mar's success in '78, setting or tying three school records.

Riehl tied Sean Venenzia's frosh-soph school record for most home runs in a season by blasting three round-trippers.

He also set new marks for most runs scored (27) and most stolen bases (22). Jim Pugliesi held the old record for most runs scored at 21, a mark set in 1972, while Craig Richesin was the former base stealing champ with 18.

Vince Bertolacci clubbed five triples this season to erase the old school record of three, held jointly by Dan "Yogi" Taylor and Marco Ramirez.

Ramirez, meanwhile, posted an 8-1 record as a pitcher this season in WVAL competition, giving him a school record for most league wins.

Ron Smare was the Dons' head coach this season and his assistant was Dave Hansen.

WVAL DREAM TEAM— The coaches of the West Valley Athletic League recently released the names of the softball players picked to the 1978 all-WVAL team. Members of the all-league team include (back row, left to right) Michelle Ney of Prospect, Pam Reinoehl of Los Gatos, Tammy Frey of Leigh, Kris Bergstrom of Leigh, Martha Betram of Campbell, Sandy Hampro of Blackford, Robin Graff of Leigh, Karen Freedman of Los Gatos and Barb Berticevich of Prospect and (front row, l-r) Leanne Diaz of Camden, Jacque Bowman of Camden, Annette Blandford of Prospect, Michelle Alberry of Westmont and Doreen Rose of Branham.

Mets ramain unbeated in Moreland Sox play

By ANNE BRENNAN
MORELAND

THE METS stretched their unbeaten streak to 12 games with a pair of victories last week in the Moreland Bobby Sox League.

The first win of last week came in an 11-2 trouncing of the Royals.

Bernie Ryan went the distance for the win, allowing only two hits and Dina McGrath was tagged with the loss. McGrath smacked a double to drive in one run for the Royals and Grace Lee belted a triple for the Mets.

The Mets' second victory was a 16-1 whipping of the Tigers. The game went three full frames without a score before the Mets bats got hot and drove in 16 runs.

The Cubs were leading 10-7 in the fifth inning but lost 21-17 to the Pirates.

Pam Lerwill picked up the win for the Pirates.

The Royals bats wouldn't cool off as every batter got a hit in a 19-13 victory over the Pirates.

The Minor All Stars for 1978 are: Carla Casteel and Kristy Cannoles of the Tigers; Shari Crew and Beaner McGrath of the Royals; Angie Termine, Korrina Scadden, Tammy Torres, Grace Ley, Ann Monk and Bernie Ryan of the Mets; Kim Smith, Pam Lerwill and Sandy Marrijo of the Pirates and Julie Torres and Michelle Lee of the Cubs.

Alternates are: Beth Boyd and Shari Fisher of the Tigers; Terri Darst of the Mets; Jenny Horton of the Royals; and Lisa Dodd of the Pirates.

Betty Scadden of the Mets, is the All-Star manager and John Scadden of the Mets and Fred Smith of the Pirates are the All-Star coaches.

Major All-Stars will be announced this week.

CAMPBELL

The Cubs clinched the Campbell Bobby Sox major division second half title with a 9-0 record and will face the first half champion Braves to decide the season champion.

In the minors, the Angels clinched the second half title and will face the first half champion Royals to decide the overall championship.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Clerk of the Board of Supervisors of the County of Santa Clara, State of California in the Office of the Clerk of the Board of Supervisors, County Government Center, 10th Floor, East Wing, 70 West Hedding Street, San Jose, California 95110, up to 2:00 p.m. o'clock June 29, 1978, for realignment of Prospect Road at Stelling Road in the County of Santa Clara, State of California, in accordance with plans and specifications on file for the work in the Office of the Clerk of the Board of Supervisors.

The bids will be opened by the Clerk of the Board of Supervisors at the time and place above stated, and a report of the names of all bidders and the amount of each bid will be made by the Clerk to the Board following the date of opening of the bids.

The County of Santa Clara is an equal employment opportunity employer. Contractors shall comply with the California Fair Employment Practice Laws and with Part II of the Model Federal EEO Bid Conditions. These Conditions are contained in Section 106.

It is the policy of Santa Clara County that no person shall on the ground of race, color, national origin, or sex, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity conducted by the County.

In keeping with this policy and in compliance with Federal requirements, the County of Santa Clara hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, sex, or national origin in consideration for an award.

In order to be considered a "responsible bidder" eligible for award of this contract, the bidder must have solicited bids from a specified minimum number of minority contractors in each contracting specialty for which subcontracts are awarded. Guidelines on the minimum numbers of bid solicitations that must be made to minority contractors in individual contracting specialties and the certification required attesting to compliance with this requirement are outlined in Bid Forms 9a, 9b, and 9c.

Minority contractors who will participate in the project must be indicated in Bid Form 10 by name, ethnic category and the division or specialty of work to be accomplished.

Following contract award, contractors are required to report, in accordance with instructions contained in Section 106.4 the actual awards made to minority contractors.

A Minority Registry is available to assist bidders for County construction projects to identify and contact minority contractors who have expressed an interest in competing for contracts and subcontracts on such projects. The Registry contains Data Sheets on over 200 minority contractors. Each Data Sheet includes the name, address, telephone number, and Minority Business Enterprise category of the minority contractor. Also, it includes data on the contractor's bonding capacity, representative clients and projects, and other information useful in determining the contractor's capabilities.

The Minority Contractor Registry is available for review at the Contract Specifications Issue Counter, Room 204, Building #2, County Service Center, 1555 Berger Drive. A copy of the Registry can be purchased at this Counter at its reproduction cost of $5.50. Extracts of the Registry can also be purchased at the Issue Counter if desired.

Assistance in contacting minority contractors can also be obtained through the following organizations:

a. San Jose Business Development Center, Construction Department, Community Bank Building, Suite 510, 111 West St. John Street, San Jose 95113, Telephone: (408) 288-6480.

b. United Minority Business Entrepreneurs, Inc., Charlie Lostaunau, Executive Director, 334 North Second Street, San Jose 95112, Telephone: (408) 275-8506.

Any problems encountered in contacting minority contractors should be brought to the attention of the Agency Minority Business Enterprise Program Liaison Officer, 299-2884.

Workmen employed in the work must be paid at the rates at least equal to the prevailing wage rates last adopted by the Board of Supervisors of the County of Santa Clara, which rates are filed in the Office of the Clerk of the Board of Supervisors, incorporated herein by reference, and copies of which are available to any interested parties on request.

Minimum wage rates for this project as predetermined by the Secretary of Labor are set forth in the Special Provisions. If there is a difference between the minimum wage rates predetermined by the County of Santa Clara as set forth in the Special Provisions for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the higher wage rate.

Pursuant to Section 1770 of the Labor Code, the County of Santa Clara has ascertained the general prevailing wage rates in the County in which the work is to be done as set forth in Section 109 of these Special Provisions.

A payment bond is required to be filed and approved by the Board of Supervisors before entering upon the performance of the work.

Each bid must be accompanied by cash, a certified or cashier's check or a bidder's bond in the sum of not less than 10% of the total aggregate of the bid, and the checks or bond shall be made payable to the order of the County of Santa Clara.

All bids must be addressed to the Chairman of the Board of Supervisors of the County of Santa Clara, and shall bear the title or name of the work to be constructed.

The Board of Supervisors reserves the right to reject any and all bids or to waive any errors or discrepancies.

The time limit for the completion of work is specified in Section 104 (Beginning of Work, Time of Completion and Liquidated Damages). Liquidated damages shall be assessed for each calendar day the work remains incomplete beyond that time limit and in the amount as specified in Section 104.

Project plans and special provisions may be secured at Room 204, Building 2, 1555 Berger Drive, San Jose, California 95112, upon payment of $10.00 per set as a deposit. If the project plans and specifications are returned in good condition within ten (10) days after the date set for the opening of bids, the full amount of the deposit will be returned.

In the case where the planholder submits a bid to the Clerk of the Board of Supervisors, the full amount of the deposit will be returned if the project plans are returned in good condition within ten (10) days after the date set for the opening of bids.

A copy of the Santa Clara County Standard Specifications may be secured at Room 204, Building 2, 1555 Berger Drive, San Jose, California 95112, upon payment of $4.00.

Attention of Bidders is directed to Amendments to Santa Clara County Standard Specifications, available at no cost at the Contract Specifications Issue Counter, Room 204, Building #2, County Service Center, 1555 Berger Drive, San Jose.

A copy of the Standard Plans may be obtained by contacting Mr. Al Ranzani, City and County Liaison Engineer, P.O. Box 3366 Rincon Annex, San Francisco, California 94119 (415) 557-1795.

Pre-Bid Opening Conference

On June 20, 1978 at 2:00 P.M. in the second floor conference room of the Transportation Agency's Road Operation Center at 1505 Schallenberger Road, San Jose, California, a pre-bid opening conference will be held. Representatives of the utility companies and the Transportation Agency will be present. Affirmative action requirements, coordination of work to be performed, utility relocation and the contractor's operations will be discussed.

Bidders should have fully inspected the project site in all particulars and become thoroughly familiar with the terms and conditions of the Contract Documents and local conditions affecting the performance and costs of the work prior to this conference.

By order of the Board of Supervisors of the County of Santa Clara, State of California, on June 5, 1978.

/s/Donald M. Rains
Clerk of the Board
of Supervisors
